

F-SECURE® LICENSE TERMS (July 2013)

IMPORTANT – BEFORE INSTALLING OR USING THE F-SECURE SOFTWARE, CAREFULLY READ THE FOLLOWING LEGAL TERMS (“TERMS”). BY SELECTING THE ACCEPTING OPTION, OR BY INSTALLING, COPYING OR USING THE SOFTWARE OR SOFTWARE-BASED SERVICE YOU (EITHER AN INDIVIDUAL OR AN ENTITY) AGREE THAT YOU HAVE READ THESE TERMS, UNDERSTAND THEM AND AGREE TO BE LEGALLY BOUND BY THEM. IF YOU DO NOT AGREE TO ALL OF THE TERMS, DO NOT INSTALL, USE OR COPY THE SOFTWARE.

These Terms cover any and all F-Secure programs and software based services and web applications licensed by or made available to you, including support tools, web portals directly supporting your use of the Software, related documentation and any updates and upgrades to any of above (together the "Software"). These Terms also apply to such programs that are made available to you under the purchased license or related service agreement where these Terms are specifically appended. You acknowledge and accept that the Software is subject to specific limitations such as purpose of use and certain technical requirements including but not limited to operating system, storage space, geographical location or network connectivity.

COMMERCIAL LICENSE

Subject to the payment of applicable license fees and subject to the following terms and conditions, you have been granted a non-exclusive, non-transferable right to use the specified Software for a specified time period as separately agreed between yourself and F-Secure or its distributors. F-Secure and its licensors reserve any and all rights not expressly granted to you.

You may:

A) install and use the Software only on as many units (typically handheld devices, personal computers, servers or other hardware, jointly referred to as “Device”) as stated in the Software, F-Secure License Certificate, applicable invoice, product packaging or agreement where these Terms have been appended. If the Software and/or its services are shared through a network or the Software is used to filter traffic at servers, firewalls or gateways, you must have a license for either scanning capacity or for the total number of users whom the Software provides services to. In such cases you may install the Software on as many units as needed;

B) create copies of the Software for installation and backup purposes only; and

C) extend the number of licenses by purchasing more licenses.

FREE LICENSE AND EVALUATION LICENSE

This chapter applies when you use, download or install a trial, beta or freeware version of the Software or you are granted a license by F-Secure or its distributor expressly for evaluation purposes. Such licenses are always granted on non-exclusive and non-transferable basis. You acknowledge that because the license is non-chargeable; (i) F-Secure have no obligation to provide support or maintenance services, and (ii) F-Secure may at any time terminate your license to the Software, the availability thereof, any of its features, limit or readjust the quota available to you or convert free features to chargeable. Even if you purchase added features to such Software, the above applies to the whole. The above changes or a prolonged period of inactivity may also lead to deletion of or limiting the access to your content managed via the Software. Where such changes effect your use of the Software, you shall be separately notified. This type of license is granted either on a time-limited basis or until terminated by a separate notification. Where the license is granted on a time-limited basis; the license is granted for the sole purpose of evaluating the Software and only for a specified trial period, which will begin on the date that the Software is first downloaded by or delivered to you. After the specified time period you must either buy the Software license from F-Secure or its distributor, or destroy and stop using the Software.

LICENSE FOR FREE TOOLS

A non-commercial license is applicable when you use, download or install a Software made available to you by F-Secure or its distributor to be used as a supplementary or case-specific tool. Such Software is licensed to you only for a limited period as a non-exclusive, non-transferable license and is not intended for continuous content security or for other long-term purposes. F-Secure reserve the right to end the ability to use this type of Software at any time and is under no obligation to provide support or maintenance services.
